

Calling for Nominations  
For the OSRC'S 2008

"PARTNERS IN OUR PROFESSION" AWARD

The OSRC encourages all RCPs to participate in our state's "people's choice" award designed to identify and recognize the manufacturers, pharmaceutical and/or supply companies, and service organizations that have done an outstanding job for you, your employer, and your professional organization, the OSRC! This award is rightly entitled ***PARTNERS IN OUR PROFESSION*** because without them, we would be unable to deliver the primary product of our profession -- excellence in patient care!!!

Please join the OSRC Board of Directors in saluting our most-deserved partners! To participate in the program, just vote for your favorite companies prior to **Noon, June 12, 2008**. When making your selections, please evaluate the company based on the following criteria:

- ★ quality of equipment, medications, supplies, and/or services
- ★ accessibility and helpfulness of sales personnel
- ★ responsiveness to your patients' and your organization's needs
- ★ record of service; cost effectiveness
- ★ truth in advertising
- ★ ongoing support of the Respiratory Care profession and the educational endeavors of its professional association

**The ballot below has spaces for two nominees. Please make your nominations TODAY and return the ballot to the address indicated below by mail, by FAX, or email**

Thanks so much for participating -- let's get those nominations rolling in!!!!
